CASSETTE TYPE ART

Jimi Hendrix - Are you Experienced (1967)

DJ Lenin - First Vision (1998)

IDEAS

- My three categories are 'Punk', 'Psychedelic' and 'Reggae' and my intentions are to document extracted typography from different cassette covers.
- All of the 30 documented images will be arranged and organised to be juxtaposed from one another in terms of their contrasting colours.
- The navigation will scroll down with the user.
- Main heading will be animated, using the CSS animation 'pulse'. The typography will gradually changed colours.
